

REMARKS

This responds to the Office Action dated August 7, 2007. Claims 1-34 are pending in this application.

Interview Summary

Applicant thanks Examiners Robert E Fennema and Eddie Chan for the courtesy of a telephone interview on September 4, 2007 with Applicant's representatives Thomas F. Brennan and Paul J. Urbanski.

The declarations under 37 C.F.R. § 1.131 filed on behalf of inventor James Kohn on Nov. 28, 2006 and July 12, 2007 were discussed. It was agreed that Applicant would submit a declaration under 37 C.F.R. § 1.132 clarifying that any disclosure in the Cray reference manual cited by the Examiner of the subject matter claimed in the patent application was derived from his work. That declaration is enclosed herewith. Examiner Fennema indicated that a proper declaration filed under 37 C.F.R. § 1.132 would be, conditional upon his review, sufficient to remove the Cray reference from prior art.

In view of the declaration, Applicant believes that all pending claims are in allowable form, for the reasons discussed below. Accordingly, Applicant respectfully requests allowance of all pending claims.

§103 Rejection of the Claims

Claims 1-4, 7, 9-15, 18-29, 21-24 and 27-34 were rejected under 35 U.S.C. § 103(a) as being unpatentable over Beard et al. (US 5,640,524) in view of Applicant's admitted prior art (Kohn), further in view of the Cray Assembly Language Systems Reference Manual (Cray).

A declaration by inventor James Kohn under 37 C.F.R. § 1.132 is enclosed herewith. The declaration establishes that any disclosure of claimed subject matter in the Cray reference was not invented by another, and therefore the Cray reference is not a proper 102(a) reference. Applicant respectfully submits that the declaration is sufficient to remove the Cray reference

from prior art and respectfully requests withdrawal of the rejection under 35 U.S.C. § 103(a) and allowance of claims 1-4, 7, 9-15, 18-29, 21-24 and 27-34.

Allowable Subject Matter

Claim 8 has been allowed.

Claims 5-6, 16-17, 20, and 25-26 were objected to as being dependent upon a rejected base claim, but were indicated to be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 5-6 ultimately depend on base claim 1, claims 16-17 and 20 ultimately depend on base claim 11, and claims 25-26 ultimately depend on base claim 21. Applicant acknowledges the allowable subject matter but believes the base claims are allowable in their present form at least for the reasons set forth above.

CONCLUSION

Applicant respectfully submits that the claims are in condition for allowance, and notification to that effect is earnestly requested. The Examiner is invited to telephone Applicant's attorney at 612-371-2172 to facilitate prosecution of this application.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 19-0743.

Respectfully submitted,

This declaration is submitted under 37 C.F.R. § 1.132 in response to the rejection of U.S. Patent Application Serial Number 10/643,574 (the "Application"), assigned to Cray Inc., to establish the inapplicability of using the reference "Cray Assembly Language (CAL) for Cray X1™ Systems Reference Manual," published June, 2003 (the Cray Manual), to reject the claims of the instant application under 35 USC § 103(a). U.S. Patent Application Serial No. 10/643,574 was filed August 18, 2003.

I, James R. Kohn, do hereby declare:

1. I am currently an employee of Cray Inc. (Cray Inc. is the assignee of the Application and publisher of the Cray Manual) and have been an employee since at least as early as December 9, 2002.
2. I am the inventor of the claims of the Application.
3. The source of any disclosure in the Cray Manual of the subject matter claimed in the Application was derived from my work.
4. The subject matter claimed in the Application was invented in the United States.
5. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements are made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false
